2021 - **46th in Forbes Top 100 Russian Universities** Universities For The Future Elite

YSTU: BASIC INFORMATION

More than 5,000 students

315 scientists and instructors:
- **201** employees with PhD

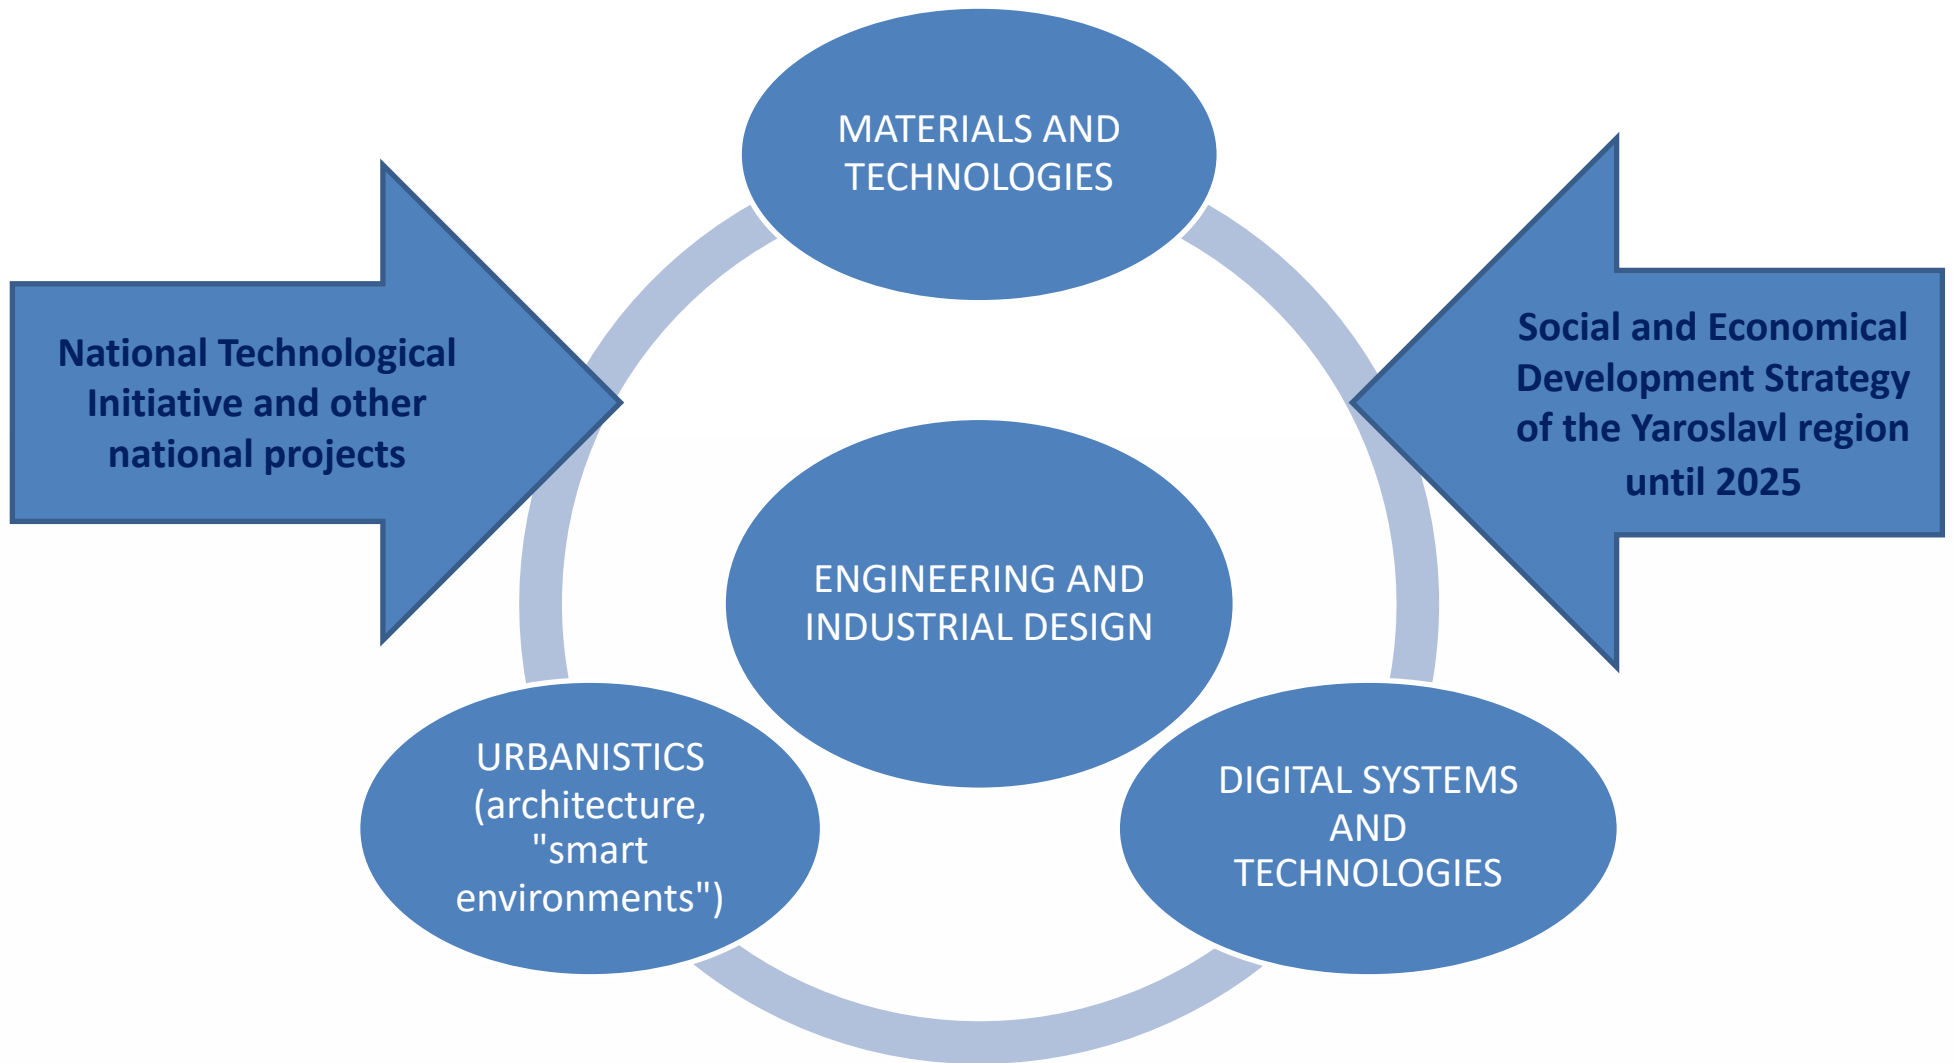

30 departments

6 Institutes:

- Chemistry and Chemical Engineering;
- Engineering and Machinery;
- Architecture and Design;
- Construction and Transport Engineering;
- Digital Systems;
- Economics and Management.

YSTU CORE COMPETENCIES

RESEARCH and TRAINING AREAS

Undergraduate (Bachelor's and Specialist's)

Natural Science

- Materials Science and Technology
- Fundamental and Applied Chemistry (Specialist's)
- Chemistry

Arts and Humanities

- Architecture. Architectural Design
- Architecture. Urban Environment Design

Engineering and Technology

- Information Systems and Technologies
- Software Engineering
- Management in Technical Systems
- Design and Technological Support of Machine-Building Production
- Technological Machines and Equipment
- Power Engineering
- Ground Transport and Technological Complexes
- Surface Transportation and Technological Means
- Standardization and Metrology
- Chemical Technology
- Energy- and Resource-Saving Processes in Chemical Technology, Petrochemistry, and Biotechnology
- Environmental Management and Water Use
- Construction. Industrial and Civil Engineering
- Construction. Roads
- Operation of transport technological machines and complexes

Social Sciences and Management

- Professional Training
- Quality Management
- Management. Urban Management
- Management. Logistics
- Management. Production Management
- Economics. Economy
- Economics. Business Informatics
- Economics. Accounting, Analysis, Finance, Credit

RESEARCH and TRAINING AREAS

Graduate (Master's)

Natural Science

- Chemistry
- Materials Science and Technology

Arts and Humanities

- Architecture

Engineering and Technology

- Management in Technical Systems
- Information Systems and Technologies
- Construction. Design, Construction, and Operation of Buildings and Structures
- Construction. Design, Construction, and Operation of Roads
- Ground Transport and Technological Complexes
- Operation of Transport Technological Machines and Complexes
- Chemical Technology
- Power Engineering
- Standardization and Metrology

Social Sciences and Management

- Professional Training (by Industry)
- Quality Management
- Management
- Economics

RESEARCH and TRAINING AREAS

Postgraduate (PhD, Doctorate)

Natural Science

- Chemical Sciences
- Earth Sciences

Engineering and Technology

- Electrical and Thermal Engineering
- Mechanical Engineering
- Management in Technical Systems
- Chemical Technology

INTERNATIONAL STUDENTS: more than 100 students from 16 countries

1. Afghanistan
2. Morocco
3. Gabon
4. Pakistan
5. Nigeria
6. Cameroon
7. Egypt
8. Tajikistan

15. Moldova
16. Turkmenistan

INTERNATIONAL STUDENTS

Constant Denis Елене

Elena, i feel blessed to be here, I'm learning like a child and have the full support of everyone.

Most students choose for training Engineering and Mechanical Engineering, Information systems and technologies, Chemical technology and Architectures. YSTU has a preparatory faculty where international students learn Russian language for admission to the university.

DORM ON CAMPUS

Dorm on campus. The university provides students with a place in 2 and 3-bed rooms. Check-in on the day of arrival.

All university buildings, dormitories, sport club, and the canteen are in one comfortable space on campus

ABOUT YAROSLAVL

Yaroslavl is one of the oldest Russian cities – it was founded in 1010. It is called the capital of The Golden Ring of Russia – the main tourist route of the country.

The historical center of Yaroslavl is a UNESCO World Heritage Site.

There are numerous museums, theaters, exhibition centers, cultural heritage objects, city parks, and green zones.

Yaroslavl has a beautiful embankment, which is considered the most beautiful on the Volga. We have a wide variety of transport – there are two railway stations, a bus hub, a river port, and an airport.
